

The Emerging Pathogens Institute
Seminar Series

Presents

Dr. Gregory C. Gray

Director, Center for Emerging Infectious Diseases
Professor, Department of Epidemiology and
International Programs
University of Iowa, College of Public Health

“Zoonotic Diseases: Their Importance and Neglect”

Wednesday, June 11, 2008
4:00pm - Room G-112, HPNP Building

Dr. Gray will review the public health importance of zoonotic pathogens and suggest opportunities for collaborative research at the neglected human-animal nexus.
